Fredrick Töben: YouTube – and all that idle chatter ...

One of the 21st century's electronic media success stories is YouTube the medium where individuals can post their visual creations and be noted in commentary by like and un-like minded persons.

As with all electronic media YouTube is not any different to what preceded it, merely a variation on the same theme – opinions expressed in an instant, and the reach is global. For example, book and newspaper censorship has been a stock tool for politicians who fear the power of colliding with the concept upon which our world civilisation rests: TRUTH.

Now millions express their political views and opinion makers have a problem – democratic principles, such as free expression are diluted, and authoritarian mindsets cannot tolerate such state of affairs because no-one is listening any more. Enter censorship on the pretext of protecting delicate 'hurt feelings' under the mantle of human rights abuse and on 'national security' concerns.

The usual concepts are used to create a global as opposed to a national perspective: hater – Holocaust denier – antisemite – racist – Nazi – xenophobe, which are all embodied in the concept: cybercrime.

The following material is an example of individuals responding in writing to a posting made three years ago. It illustrates how expressed opinions degenerate into self-serving name-calling and outright abuse – the typical refuge of those who fear truth as a moral virtue that brings liberation from conceptual enslavement, non-blissful ignorance and scapegoating and creates the mindset of knowing and not just believing!

Enjoy, particularly the comments that warn Töben of being bankrupted much like David Irving was bankrupted, and linking this physical legal action to his belief system.

Perhaps we should note that a direct degeneration of this media is found in Facebook and Twitter where individuals celebrate their 'friends', and thereby their own 'popularity' by having a 'friend' list. That such matter is a good example of a development of 'false consciousness' is self-evident. Friedrich Schiller's maxim still stands: He who can call one soul his own...

- Jews are obsessed with Hitler and the "Nazis" because they are envious and jealous. The fact that they obsess over AH to the extent they do can only mean that there's love, and perhaps even Jewish lust, in the air. *sigh*

- @ssigrune

And why would anyone, especially Jews, be "envious and jealous" of such total buffoons and failures, as the nazis? Envious of their stupidity? Jealous of their swift defeat? A desire to be utter and total failures, like they were? It kind'a seems like it's way more, the other way 'round, don't you think? As regards "obsession", what do you say about a fool who worships such idiots, 66 years after they were all wiped out? *LOL*

- @ssigrune Actually, you're wrong. But I'll be nice and education you. Hitler and his nazi regime were obsessed with Jews. So much that Nazi planned premeditated, organized genocide against the Jews. 6 Million Jews perished under the Nazi regime because of evil, fascist Nazi ideology and so their pathetic "superior" Aryan racism that the Nazis embraced.
- Thank God Hitler Lost!! I wouldn't want to live in his Aquarius 1000yr reign!
- @isurfu2ube Thank Baphomet-Yahweh that the Jews have the noses and faces they do or else there'd be a lot more Jewish Mischlinge. The faces only a mother could love.
- I think Hitler should've stopped with Europe. Russia was a bad move. Look at how beautiful Germany was. :(
- The Pseudocaust - The historiographical LIE that Hitler and the Nazis exterminated anyone via gassing or mass shooting.
- @ssigrune YES, THE GASSINGS & mass shootings DID happen during the Holocaust. Millions of people perished! Along with human

experimentation by Joseph Mengele at Auschwitz. Your ignorance and lies are worthless with no proof. The Holocaust is the most documented genocide in human history. Documents authenticated by specialists are preserved in research facilities secure in Germany. Nazi children have confirmed the truth of the HOLOcaust by bragging about their parents active role in the HOLOcaust!

- [@ssigrune](#) Rudolf Hoess confirmed the gassings & bragged about the number of Jews gassed during his sworn testimony at his trial! Auschwitz still stands today in Poland! The Auschwitz blueprints found in Berlin prove the gas chambers existed-gas chambers the nazis used to gas Jews! Plus Adolf Eichmann complained he didn't send enough Jews to the gas chambers!! GET YOUR FACTS STRAIGHT! Your lies, deceit & ignorance are pathetic.
- [@vaughan1978](#)
The IMT, or Nuremberg Show Trial, was an Jewish-Saxonist charade designed to incriminate anyone and everyone. Go to PBS's official website and look up "The Confessions". It explains how and why innocent people incriminate themselves via false confessions. Also read Freda Uteley's book "The High Cost of Vengeance." She debunked the IMT's credibility in just one easy step, and was paid by the Anglo-Saxonist US government via grant money to do so. She made a complete fool of America.
- [@vaughan1978](#)
No, Eichmann didn't. All he said was that he didn't do his work correctly and it should have been done differently. He was referring to Jewish emigration to palestine via Haavara and the Rublee-Wohlthat agreements (which covered other emigration destinations). As for Hoess, go to PBS and look up The Confessions. Five innocent men, all cleared by DNA tests, self incriminated and incriminated one another for a rape none of them committed.
- [@ssigrune](#) WRONG INFO! Do more research! You're going to NEED IT! Your research skills & ignorance are pathetic! Eichmann was proud that he sent millions of Jews to the gas chambers! Ask his eldest son! His eldest son is proud of his father's role in the Holocaust & keeps his father's inhumane, disgusting legacy alive. Go interview him & he'll proudly declare his father's work in the Holocaust & sending millions of Jews to gas chambers. Eichmann wanted to make his mark-he committed genocide!
- [@vaughan1978](#)
Correction: Eichmann's left ass cheek committed genocide and I was right there to see it. I'm writing a Pseudocaust memoir called "The Ass that Knew too Much." Whattaya think Jew?
- [@ssigrune](#) So your pathetic last attempt at namecalling because you have no valid argument?i know that proof, truth and justice,which I possess ALWAYS prevail in the end over ignorance, hatred and lies, which you cling to your pathetic bigotry.Eichmann would be ashamed of you because your denying his role in the Holocaust that was so proud of-his son would be even more angry because your diminishing Eichmann's inhumane, horrible legacy.You're end up like Irving-humiliated, disgraced with NOTHING
- [@ssigrune](#) As for hoess, he incriminated himself. Redo your research! On the witness stand, he declared how proud he was of gassing million Jews at Auschwitz. he expressed regret that he didn't gas more Jews! If you're a fan of Eichmann/Hoess, they would be disappointed in you because you're not giving them credit for exterminating millions of Jews they were so proud of.....carnage & destruction is all they left behind.....
- [@vaughan1978](#)
lol. You're Jewishness is eeking out. Try and withhold that behavior because you're blowing your Goy cover. *wink*
- [@ssigrune](#) My Jewishness? My Goy cover: CORRECTON: You mean my equality, tolerance, understanding & knowledge over your intolerance, bigotry, ignorance & lies. Go hang out with your fellow pathetic friend David Irving that has been public disgraced, humiliated, shamed since he lost his own trial that he started with Lipstadt & her defense team. You're obviously going to need the company because you'll end up just like him... LOL!
- [@ssigrune](#) If you continue to spread lies of Holocaust denial, you'll end up publicly disgraced, pathetic, broke & humiliated just like David Irving.You have no proof, truth or justice on your side AT ALL! Irving sued Lipstadt-she prevailed! Irving lost HIS OWN lawsuit.The consequences of David Irving exposed him for his ignorance & lies-the same will happen to you. It will you nowhere-

just like Irving. Learn from the mistake of David Irving & stop with your immaturity, lies & ignorance.

- [@vaughan1978](#)
You think I would ever emulate and Anglo-Saxon? Please enlighten me as to why I would EVER do what an Anglo-Saxon would do, the most degenerate and criminal of all the white races?
- [@vaughan1978](#)
Hey, vaughan - you repeat yourself in this response..public disgrace? You are immature and still think it is important to be liked! Grow up - it is far better to be embracing truth as an ideal and truth no matter what anyone thinks of you. As a Holocaust believer you need to prove 3 things:
 1. The six million deaths;
 2. The systematic state extermination process = written Hitler order;
 3. Murder weapon = homicidal gas chamber.All the rest of your writing is idle chatter.
[FredrickToben](#) 17 hours ago
- [@FredrickToben](#) I've proven all of this to you. You are blind and don't see it. Reposting the same thing as you have done shows your lack of intellectualism! Yes, public disgrace & humiliation. Along with your pathetic lies and desperation. It happened to Irving, it will happen to you. Don't you want to learn from Irving's mistake? I'm being nice and helping you, but obviously you want to end up just like Irving.
- [@vaughan1978](#)
You have offered nothing but words, words - prove to me your belief that consists of believing: six million were killed, through systematic state extermination in mainly homicidal gas chambers. Until you physically prove these three pillars that make up the Holocaust-Shoah are true, you are merely talking hot air... [FredrickToben](#) 15 hours ago
- [@FredrickToben](#) Go visit Germany, see the proof I've told you about, visit with nazi children I mentioned, then you can return to apologize & finally abandon your ignorance & embrace the truth that the Holocaust DID happen. Be careful what you say to Himmler's daughter or Eichmann's son, they'll be offended you're diminishing their parents inhumane, horrible legacy of their fathers active role in the Holocaust. Also, learn to read again. You obviously need to!
- [@vaughan1978](#)
Your fanaticism and twisted empathetic understanding may seem to you a smart trait to develop in pathetic point-scoring that you so delight in, instead of being objective and seeking out the truth of a matter. You are either ignorant of the physical facts, a liar or both, hence your inability to inform me where the Hitler Order is that started the process, where there is an authentic homicidal gas chamber and that the 6 million deaths still stands. I would fail your work. [FredrickToben](#) 11 hours ago
- [@FredrickToben](#) You mean truth & justice that I have on my side? My empathetic understanding is based on what really happened, authenticated documents from the Nazi era. If you knew how to read & reread my previous posts, the FInal Solution documentation are secured in research facilities in Germany. Physical facts is the existence of death camps that still stand today, including Auschwitz. Your inability to embrace the truth & facts is as pathetic as your lies and ignorance.
- [@FredrickToben](#) Along with the proof, facts & knowledge I've given you-along with where you can find the proof. Take my advice since you obviously need it: learn from Irving's mistake. The Holocaust denier that lost his own lawsuit-lost all credibility, disgraced with NOTHING! So far, you've shown you want to be publicly disgraced, humiliated, shamed & broke just like Irving.....I'd say good luck, but you're already headed where Irving is now-NOWHERE with NOTHING! LOL.
- [@vaughan1978](#)
Again, you are gloating and using Irving as a kind of benchmark. A scientist measures up against objective results. if you are still in a popularity contest as a researcher you may achieve fame and fortune but your work may be fraudulent and in time prove to be such - as is the case with those who have sustained the Holocaust religion for 60+ years. But like the WMD lies, the 9:11 lies, and other events sold as factually true, the Holocaust will also fall away to truth. [FredrickToben](#) 11 hours ago

- [@FredrickToben](#) I'm pointing out what happened to Irving & reminding you of the consequences he faced from his own lawsuit he started & lost, where his lies, deceit & ignorance led him-NOWHERE.You're mistaking gloating for truth that what happened to him,will happen to you. I'm giving you friendly advice & warning you of Irving's mistake because you spread the same ignorance & lies that he embraced & look at what happened to him. Do you want to learn from Irving's fatal mistake?Obviously not....
- [@vaughan1978](#)
Irving is NOT a Holocaust Revisionist and he is irrelevant to what we are talking about, namely your assertions, which I ask you to prove, namely the three pillars on which your belief rests. Truth has been my defence in various court cases but that's not what court cases are all about.
So, your are in no position sweepingly to make any warnings or even give advice because what you are NOT doing is offering physical evidence, just deviations and verbal abuse. Shame, you fail. [FredrickToben](#) 2 hours ago
- [@FredrickToben](#) Actually, you're threatened by the knowledge & proof I've provided, that you blindly refuse to consider or acknowledge. YOU ARE NOT a historian or a Holocaust revisionist. You're a pathetic, shameful person that is full of ignorance & blinded by the truth! I've pointed out facts & proof to you already. I don't need to repost the same thing several times like you do-which proves your lack of intellectualism because all you possess are accusations, ignorance, hatred & bigotry.
- [@vaughan1978](#)
You're quite right - there is a saying in German: Du hast recht, ich hab mein Ruh - you're right and I have my peace. Yes, you are an intellectual and you have truth on your side. Now I have given you a reference you can use. [FredrickToben](#) 4 minutes ago
- [@FredrickToben](#) Sounds like you're getting defensive, Old Freddie boy. With you're ignorance & lies, you're desperate & pathetic! What would someone like you know about truth, justice and honor? All you spread is hate, bigotry & lies. Denying the genocide of 6 million Jews, 5 million gypsies, homosexuals, Germans that stood against the Nazis is inhumane, pathetic & wrong of you! Shame on you. That's why you haven't accomplished anything & never will! You're just Irving-humiliated & disgraced!
- [@FredrickToben](#) You're the one throwing verbal abuse & threats because your desperation is pathetic. I'm actually being nice to you-to educate you. You're right-Irving is irrelevant because he lost his OWN lawsuit that he started. Lipstadt prevailed & won! Once Irving's ignorance, lies & misuse of primary sources was proven, Irving suffered the consequences of his own ignorance & lies. I'm reminding you of Irving that what happened to him, will happen to you! Learn from Irving's fatal mistake!
- [@vaughan1978](#)
Oh, thank you for educating me -
I can see how well you use the Talmudic-Marxist death dialectic to your intellectual advantage and development - Now broaden your mind some more by watching The Obama Deception - far more interesting than what you have mastered to date. [FredrickToben](#) 1 minute ago
- [@vaughan1978](#)
I think you are avoiding the physical facts of the matter and if you could just tell me where you investigated and published your research on the three points I mentioned above, then we could get somewhere. Your obsession with Irving does not advance your own research argument nor does it enable you to proclaim to the world where there is a real homicidal gas chamber used by the Germans to gas labour camp inmates. Gloating about anyone's misfortune discredits your moral values. [FredrickToben](#) 11 hours ago
- [@FredrickToben](#) I informed you where you can find the physical proof-death camps that still stand, including Auschwitz. The authenticated documents from the Nazis era in secure research facilities in Germany.Your refusal to travel there and find out for yourself is further proof that you're afraid to end up like Irving. In regard to Irving-I'm actually being nice to you-to remind you to abandon your ignorance, lies & bigotry so you don't END UP like him. You want to be humiliated & shamed?
- [@FredrickToben](#) Obviously you want to end up just like Irving.The Systematic state extermination process is the Final Solution-ordered by Hitler, directed to Himmler, tasked to Heydrick who conducted the Wannsee conference. Organized, premeditated genocide was planned there. Final Solution carried out by adolf eichmann who sent millions to gas chambers. Go to Germany and see the documents for yourself you baffoon. Nazi-era documents are secure in research facilities throughout Germany.
- [@vaughan1978](#)
1. Systematic extermination - where is the written Hitler Order that started it?
2. You mention gas chambers and Eichmann - show me a homicidal gas chamber? Tell me where I can find one to look at, to touch?
So, just do this for me - show me the physical murder weapon and the written Order that started the process. It will be your first serious research work - now, get to it and let me know when you find the murder weapon and the written order. [FredrickToben](#) 15 hours ago
- [@FredrickToben](#) Go visit the death camps that still! Auschwitz still stands in Poland. Go see the Aushwitz blueprints with the gas chambers that prove it-Nazis inserted gas chambers on the original Auschwitz blueprints. Original, authenticated of Final Solution order is in Germany. Why don't you sue me like Irving sued Lipstadt? Then I'd be happy to show you & expose your ignorance & lies like Lipstadt exposed Irving. You want to avoid the shame, public disgrace & humiliation Irving endured...LOL!
- [@vaughan1978](#)
Been there done that - in 1997 and 1999 - but when you talk about an Order then you are either ignorant of the facts, a liar or both. Raul Hilbert, the foremost Holocaust scholar admitted there was none - surely you knew that, or am I dealing with someone who is merely having games - delighting in being rude and crude and otherwise abusive? I guess you are not serious - so I'll let it go at this. Have a nice day. Cheers. [FredrickToben](#) 10 hours ago
- God save the Queen.
- extremely interesting video, dante55: would you be so kind to tell me whose ravishing music this is? Greetings from Lusitania.
- Nazi Gassings Never Happened! Go to my website and learn everything. Friedrich Paul Berg
- [@HOLLOWdenier](#),
Copying and pasting the same bullshit doesn't change the cold, hard fact that it is bullshit. Any fool - even you - can create a website (and I took a cursory glance at the endless pages of nonsense on yours), and your website screams amateur gibberish. Who knows? Maybe I'll build a website saying that dogs are in fact insects and not canines, and then post endlessly on YouTube: "Go to my website and learn everything." You're a fool, my boy. An utter fool.
- [@spadger131](#) Awesome post! Thanks! You'd think Holocaust deniers would learn from David Irving's mistake-especially since Irving lost his own lawsuit that he started. The way he misinterpreted primary resources, falsified the truth, public disgrace & humiliation.....ignorance is easier for the stupid, weak-minded instead of real truth.....
- [@vaughan1978](#),
Irving is just a big as fraud as toben, only more infamous, which must irk ol' freddie no end. It's a bit like John Wayne Gacey being jealous of Ted Bundy.....

[@holodenier](#) NAZI GASSINGS did happen. The Auschwitz blueprints prove it! When Nazis built & expanded Auschwitz, gas chambers were specifically included to gas Innocent Jews and other victims like the gypsies! Plus there is written documentation proven! Documentation that was used in the Nuremburg trials, Travel to Germany & seek entrance into the research facilities! Rudolf Hoess confirmed the gassings during the sworn testimony after the war. Hoess bragged about the Jews that were gassed!
[vaughan1978](#) 1 day ago
- [@vaughan1978](#)Words, words, words - go and do some real physical research instead of just reading what others have said - now, do some independent research. [FredrickToben](#) 1 day ago
- [@FredrickToben](#) I did do research you baffoon! Facts I pointed out to you already! I provided proof and you dismiss it when its right in front you! "words, words" you claim are proof, evidence and truth!!!

Your bastard Nazis would be ashamed of your Holocaust denial, you're not giving them credit for the genocide they committed & proud of. They bragged about gassing millions of Jews that were innocent. Lies and ignorance is all you have to cling to. Your desperation is absolutely pathetic!!

- [@holodenier](#) Hey idiot....why don't you go get a life? Learn from David Irving's great mistake. Abandon your ignorance and learn from truth....or learn from what happened to David Irving. You want to end up like him? You're headed that way.....good luck. You're going to need it!
- Nazi Gassings Never Happened! Get used to it! Learn everything by visiting my website. Friedrich Paul Berg
- [@holodenier](#) NAZI GASSINGS did happen. The Auschwitz blueprints prove it! Hoess bragged about the Jews that were gassed!
- [@vaughan1978](#) Hey, Vaughan1978, you're dealing with an expert when tackling Fritz Berg. Keep a record of your silly statements so that you will learn something - and try to resist becoming abusive as your mind is expanded into the world of physical science. Cheers – Fredrick [FredrickToben](#) 1 day ago
- [@FredrickToben](#) My silly statements?You mean the proof & facts I've pointed out that you? You're so blind to the truth & reality of the Holocaust. You would still deny if Himmler's daughter stood in front of you & shared her father's active role in the Holocaust. You're ignorance & lies are an insult to the Nazis that proudly proclaimed their part in the Holocaust & the number of Jews they exterminated. Adolf Eichmann was proud-he regretted he didn't send more Jews to gas chambers!
- [@vaughan1978](#)
 1. You lack basic information - Himmler's daughter never claimed the 'Holocaust-Shoah' happened, i.e. 6 million, systematic state extermination, homicidal gas chambers. 2. Again, don't get upset because you cannot prove the pillars of the Holocaust-Shoah: 6 million, systematic extermination, homicidal gas chambers. 3. Do some original research into these pillars that make up your argument that 'it happened'. 4. Do you believe [9:11](#) was done by Arabic-speaking terrorists? [FredrickToben](#) 1 day ago
- [@FredrickToben](#) I don't lack basic information. I've pointed out facts to you that have occurred & your ignorance blinds you from the truth. Himmler's daughter giving her father credit is another point of proof that the Holocaust happened because of Himmler's active participation in the Holocaust since she is upholding his inhumane, horrible legacy,. There are other nazi children just like her that uphold their nazi parents inhumane, horrific legacy of their active roles in the HOlocaust.
- [@FredrickToben](#) Again, you embrace lies & ignorance instead of truth & reality. The systematic extermination was the Final Solution, planned, implemented & carried out by Adolf Eichmann, which he bragged about & took credit for. The gas chambers inported into the Auschwitz blue prints. Documentation from Nazi era authenticated by specialists has been proven. They are kept in secure research facilities in Germany. Now keep up your ignorance & bigotry and you'll end up just like Irving...good luck..
- [@FredrickToben](#)

Hey, grandpa Freddie! I see the ol' champion of "free speech", who blocks anyone who disagrees with his dirty, racist bullshit, from commenting on his sites, has crawled out from under his rock, to spew more of his hateful poison. Looks like your again failing to persuade anyone with your racist lies, huh, JailBird? Not surprising, considering that your whole life is as much a failure, as your stupid nazis were. Don't worry Fred. Soon you'll only be "remembered" as a fool. *LOL*
- [@skeilak](#) Grandpa Freddie is already remembered as a fool....LOL....just like Irving. Humiliated, ignorant, publicly disgraced.....truth and justice ALWAYS win in the end!!!! Lies and ignorance lead nowhere, which is what Irving and grandpa Freddie know so well! Just as foolish as the Nazi bastards.....
- [@vaughan1978](#)

Yes, Fred is a sack of shit, and not even one of the better ones. Even amongst the other professional hate-mongers, old Freddie is

seen as something of a failure. I mean, what kind of "Messiah of Hate" is reduced to begging for money on YouTube, to fund his Viagra prescription? A bit of a "low-rent" Hitler wannabe, if you ask me. *L*

- [@skeilak](#) You are cracking me up! I CANNOT stop laughing! You point out what a failure and fraud he is, which the Hitler wannabe doesn't appreciate, and his ignorance and lies are still exposed!! You're right. He is jealous of Irving's shameful, infamous status.....even Hitler and top ranking Nazis would be ashamed of him because he doesn't give Nazi bastards credit even though they bragged about number of Jews gassed at Nazi death camps.....Yes, the holocaust DID happen.
- [@vaughan1978](#)

Well, the thing was Freddie is, being a failure at all other aspects of life, the old fraud figured out he could make a dishonest buck by jumping on the Jew-Hating band wagon. Sadly for him, but hilariously for the rest of us, old Fred wasn't any better at that, than he was at anything else he put his hand to. That's why he's the "Clown Prince" of the professional hate-mongers. Proof again, you can't always turn a hobby, into a profession. *LOL*
- [@skeilak](#) You're too funny!!Jumping on the Jew-hating band wagon & Holocaust denial leads NOWHERE! Down the road to ignorance, carnage and failure. David Irving is proof of that! Once thought of as a credible historian with published books, his lawsuit against Lipstadt proved his misinterpretation of primary resources along with Holocaust denial LIES & ignorance-Irving lost his own lawsuit! Isn't that funny?You'd think pathetic Holocaust denier baffoons would learn from Irving's fatal mistake....
- [@vaughan1978](#)

Well, the Holocaust is the most well documented crime in human history. So attempting to deny it, is, on it's face, asinine. That doesn't stop a few hate-filled ass-wipes from trying to turn a quick buck, by pissing on the suffering and deaths, of millions of innocent children, women, and men. Some people simply have no morals. And sadly, there will always be a market for that. That's why there will always be predatory pimps, at the bus station, too.
- [@skeilak](#) Yes, the Holocaust is the most documented genocide & crime in human history.Plus the Holocaust is unique compared to other genocides because Holocaust is the first organized, pre-meditated genocide in history. The planning of the Holocaust from the Ghettos, the Final Solution, the numerous death camps-Nazis planned everything specifically.The death camps that still exist like Auschwitz. The research centers with authenticated documentation in Germany kept safe and secure.
- [@vaughan1978](#)

Yes, that's why I never argue facts with little nazitards, like Fred. It's as pointless as arguing if gravity is a fact. I do always challenge them to "put up, or shut up", and it always seems they choose the latter.
- [@vaughan1978](#) way to go.
- [@vaughan1978](#)

By the way, please note; old Grandpa Hater did, in fact, put his tail between his legs, and slinked away, like a bullshit coward, just like I told him to. His training is coming along well. Who says you can't teach an old Hate-Monkey, new tricks? *L*
- [@skeilak](#) Thanks for shutting up the Holocaust denier bastard. Cockroaches appear, but they they sink away again! if only there was a way to educate ignorant, pathetic cowards like him. Irving learned his lesson-the hard way though. Irving lost his trial that he started when he sued Lipstadt. Then when he was jailed in Austria, Lipstadt called for Irving's release from prison-the great historian he tried to sue that exposed his hatred, ignorance & lies. What an embarrassment for Irving! LOL!
- [@vaughan1978](#)

These guys are like cockroaches. You just turn on the light of facts and truth, and they scuttle under the sink, to hide.

You and I know that Freddie, Irving, and the others, are frauds. And cynically, they know it, too. These professional hate-mongers try to make a living selling hate, and the amateurs, cite them as sources. There a many professional frauds. From Scientology, to most self-help, and diet books. But Hate Sellers, are a special kind of rotten evil.
- [@vaughan1978](#)

Opps... I meant, "the thing 'with' Freddie is..." All you have to do with incompetent (and incontinent) frauds like old Freddie, is demand proof, for their outrageous lies. Then laugh, as they fizzle like a wet firecracker. I personally enjoy when he's backed into a corner, and starts shouting moronic phrases like, PRIME EVIL, and Talmudic Death Mindset. That nonsense may impress his few knuckle-dragging fan-boys, but no one with a working brain.

- [@skeilak](#) Ah, you again, you expert in verbal abuse hiding behind a pseudonym because you fear the truth and you lack the understanding of what it means to conduct a civilized clarification dialogue. All you can do is use foul language and shout, like a typical schoolyard bully-boy who, deep down is afraid to face the world, and so has to shout and scream and huff-and-bluff others into silence. You are the hater, you are the reflection of your own abusive language. Grow up! [FredrickToben](#) 1 day ago
- [@FredrickToben](#) You're the hater. Spreading lies & ignorance. You should be ashamed. You're pathetic! Keep up your ignorance and lies....you'll end up broke, alone and disgraced....just like Irving!!!! No credibility, just shame and humiliation. Perhaps you and Irving should be bunk bed buddies! 2 pathetic dumbasses sharing & trying to save on rent together!! You're just like Irving-pathetic, ashamed, disgraced & humiliated!! Only Irving is more infamous than you! I'll bet you're jealous! LOL.
- [@vaughan1978](#) What a pity you have a bankrupt moral and intellectual value system - you fear truth-telling and hate doing your own basic physical research into matters Holocaust-Shoah. You can't even conduct a civilised debate without using foul language and becoming abusive. That's sad - and then you still remain immature enough to care what others think of you. Get over that one and embrace truth-telling - and let me know how many books you've written on Holocaust-Shoah matters. [FredrickToben](#) 1 day ago
- [@FredrickToben](#) You're judging my intellect and morals when you deny the genocide of millions of people EVEN when proof, facts & evidence are pointed out to you? You've allowed your stupidity to overcome the truth-yet again! The Final Solution, Nazi-era documentation in research centers in Germany, Auschwitz blueprints that prove the gas chambers. Your ignorance and lies you embrace is pathetic. Posting the same thing shows your lack of intellectualism.
- [@vaughan1978](#) [@skeilak](#) [@skeilak](#) 88!
You do go on & on - feel better now?

One day you'll grow up and develop your self-reflective intelligence to the point where you will embrace ideals such as truth, honour, justice, love, beauty. Now you remain a classic example of an infantile PRIME UGLY MIND at work. Good luck with your gushing forth of torrents of abuse - should keep you nice & quiet for a while. [FredrickToben](#) 1 day ago
- [@FredrickToben](#) You're pathetic! I have proof, truth & justice on my side. I'm sure you'd like to silence me just like Nazis silenced the Jews by confiscating their homes, valuables, their very lives as millions of innocent people perished & were gassed to death. Your bigotry, hatred and ignorance will you NOWHERE-just a dead end of public disgrace, shame & humiliation-JUST LIKE IRVING! You want to end up like Irving?! Irving tried to Silence Lipstadt & look @ what happened to him! Good luck!
- [@FredrickToben](#) You're the one throwing insults & "torrents of abuse." You must prove what you believe in: 1. 6 million exterminated. 2. state-ordered extermination - where is the written order? - a wink-and-a-nudge started the process because everyone knew Hitler hated the Jews and knew what he wanted to have done... 3. Murder weapon a homicidal gas chamber that no-one has ever seen - it's been talked about, yes, but never represented officially. Ask the US Holocaust Museum for a model. Now go back to solid work, forget the verbal abuse. [FredrickToben](#) 18 hours ago

That's right, you lying old ex-con. It's me again, calling you out for the total fraud you are. What are you going to do about it, Gramps? Too bad you can't block me here, right old man? Time to put your tail between you legs, and slink away, like the bullshit coward you are.
 - [@FredrickToben](#) I suggest you start embracing the truth & reality of the Holocaust. 6 million Jews, PLUS 5 other million victims perished as well. The Nazi planned organized, premeditated genocide. The documentation from the Nazi era in the research centers in Germany are proof. Plus Auschwitz death camps still stands to this day. The Auschwitz blueprint discovered in Berlin with gas chambers. So much more proof. Plus the Holocaust survivors that lived to share their nightmares under Nazis
 - What a wonderful place to have lived, and there is no reason except for one that we could not return to this place of refuge and tranquility
 - The monumental blindness and stupidity, unmatched barbarism and sadism of America and Britain nearly brought a new Dark Age upon a world dominated, not by them, but by the Soviet Union and communism. Although the Nazis and fascists lost the war--their heroic struggle with hardly any resources against overwhelming odds allowed civilization to survive. After 1945, it was the atomic bomb, beyond everything else, which allowed the west to survive--- but before that, it was ADOLF HITLER who saved us.
 - [@holodenier](#) Hitler's Nazi regime tainted Germany forever and left carnage and destruction. Heroic struggle? Nazi regime committed genocide-mass murder of millions of people. Including Germans that stood up against the tyrannical regime! Thank God Nazis lost the war! Further global destruction, evilness and genocide would've prevailed. Millions more would've died in addition to the millions that already perished because of Hitler's obsessive insanity....Hitler ruined Germany!!!!
 - Fuck everything else, their uniforms are so damn schmexah!!! (And you can't fucking deny the fact that they knew how to dress.)
 - [@Amish234](#) Sure, those nice outfits were sewed and created by those in forced slavery....they dressed nice while innocent people were gassed to death, shot in ditches as rows of bodies were topped on other rows of bodies. I hope that one day all European peoples can be this happy and prosperous, such that innocent women and children are never again forced to face the horrors of the third world like they are today...
 - [@WN4723](#) Beautiful? This is wrong propaganda. The Third Reich committed genocide, mass murder, carnage and destruction. The Third Reich tainted Germany forever. The Third Reich was prosperous because of forced slave labor & oppression of their own people. Property was confiscated & transferred to the Third Reich. The Germans were taxed heavily under Hitler's Third Reich. So much looting of art, valuables, national treasures that belonged to invaded countries under Nazi regime control.

edttex, You must understand that sozis/leftists have to feel (and act) intellectually superior to everyone else. That is because the main tenets of their beliefs have been completely discredited in practice in Mother Europe over last 30 years. I know- I hold former high position in leftist government. The workers and das Volk have none to do with the now-isolated leftist elites. Now I warn people about the evil globalist sozi dogs.

Success of True Finns easy to understand. In Mother Europe workers and middle classes see values and their way of life eroded by globalization whose benefits they have not seen, and by 'new' cultures which do not want to integrate with theirs, and which instead try to take over and destroy their way of life. Globalization is evil and Onkel Adi look much smarter on his 122d birthday.

- To everyone saying "There was nothing good about Nazigermany" (No, i'm not gonna use "the third reich" since it's glorifying) or shit like that, get your facts straight. Denying the the holocaust and shit like that is just stupid but you can't ignore that most people in germany at that time was normal people. Besides, that Hitlers regime (No credit for humanity though) "saved" the economically crippled Germany is a fact. Don't just claim your colored version correct. (And no, i'm no nazi)
- [@ffsboom](#) Those normal people didn't do enough to stop Hitler or the Holocaust.Germans like Sophie Scholl, von Treskow, Olbreicht and von Stauffenburg DID try to stop Hitler and paid the ultimate price. More Germans should've been like them-stop the tyrant & genocide. Hitler's regime saved crippled Germany by seizing property, valuable and money from Jews and those that went against them. Hitler's regime benefited from slave labor without employing workers-thats how they saved money for gov't....
- [@vaughan1978](#) Weak reply my good sir, go read some history (And do not use stupid books meant for school because everyone knows that they are not very reliable when it comes to recent history) then come back here at do another try. 1. No, that is not how they saved the economy. They have been praised for their skilled economical manouvers. 2. Normal people rising up against an army that took several countries to bring down? Get real.
- [@ffsboom](#) Sure, the Nazis performed skilled economical manouvers & created innovations. THat I agree with. The Nazi regime was very smart-they even committed the most organized genocide in world history. They planned created specific death camps for slave labor, extermination of innocent people, gas chambers to gas people to death. The economic manouvers were backed by slave labor, property & valuables confiscated from ALL Jews & Nazi victims that were shipped to death camps.
- [@ffsboom](#) Those heroic sacrifice & normal people that you diminish are proof that not all Germans liked or praised the Nazis. They stood up against the tyrannical regime that shamed Germany and left behind carnage and destruction. Sure, their economical manouvers were successful-Nazi jobs created at death camps, killing methods and other economically projects that occurred during that time back by slave labor. A successful tyrannical regime built on the back of genocide, slavery, stolen property.

[@ccquilty1](#) There is a difference between the USSR and Nazi Germany however... [SchwiegerH](#) 3 weeks ago
- [@SchwiegerH](#), ur knowledge of history is poor, the Nazis murdered millions of Jews, not to mention many gypsies, and you say ethnic minorities would "probably" live. Are you a comedian? Nazi Germany was a country ruled by fear and murder and Stalin had no friends to kill, he was just a mass murderer like Hitler. Read a book and stop being silly, as the Nazis are not around to burn books anymore!
- [@ccquilty1](#) No. I said that if you were *not* an ethnic minority then you would *probably* live if you just kept your mouth shut. The same was *not* true for the USSR. Stalin killed indiscriminately, Hitler targeted groups. I am not dismissing what they did, I am merely pointing out fact.
- [@SchwiegerH](#), there is little point in splitting hairs and semantics when it comes to discussing the vileness of Stalin and Hitler, they were both mass murdering bastards who spread untold misery and suffering - to say or suggest otherwise is nothing short of creepy. Human beings are still human beings Nazis could joke around and enjoy themselves too I suppose and many people aren't fervent supporters of Hitlers just living their normal in that way it is draws parallels to the time we live in now, their is war abroad the semblence of normalcy at home and expressions of ultra patriotism

if hitler didnt invade berlin and just ruled the country like a normal german leader, he probably would have gone down as a hero, he solved a huge german depression and with all of his inovative thinking could have his technological breakthrough's with the world and made germany a historic place, but in a good way.

- [@canadianAK47](#) Hitler tainted Germany with his tyrannical rule and evil Nazi regime. Oppression, tyranny, genocide, mass murder, cold-blooded execution of brave men like von Stauffenburg, Olbricht and their crew were awful atrocities on Nazi Germany. Whatever innovations or technological breakthroughs occurred under Nazi Germany are irrelevant because innovations or technological breakthrough was used & progressed by slave labor!
- [@canadianAK47](#) "That innovative thinking" by Hitler was insanity. Hitler was an evil tyrannical dictator along with his inner circle. His Nazi regime committed genocide. At the of World War 2, Berlin was let in ruins because of the war caused by Hitler & genocide of millions committed by the Nazis. Many "historic places" in Germany were ruined! Do you realize how much restoration and building Germany endured after the war from the evil and destruction caused the Nazi regime? No more Nazism ever!
- [@vaughan1978](#) by innovative thinking i dont mean his plans for germany or anything, i mean the tech. that he produced like the v2 and the STG44, wich would later be the foundation for modern assault rifles like the m4, he was a madman but some of the people that worked for him were really smart and if he had not used that for evil it could of made him a hero.

Mother Europe invaded and occupied after 1945 by two great foreign powers UdSSR and VS. The UdSSR has collapsed and VS has weakened and also too heavily in debt to extend its influence much now.

Now for first time over 65 years later Mother Europe once again free to chart her own course forward. No longer forced to eat twin foreign-imposed dogmas of Kommunismus from UdSSR or Multikulti from VS.

Both foreign dogmas lead to destruction of Mother Europe, but for different reasons.

National peoples' movements are powerful movements and are just and right by definition since they express the will of the masses. As Willi Brandt said: Wer nicht mit der Zeit geht, der geht mit der Zeit.

NOTHING is good about the Third Reich? Then grab your computer and throw it into the evil-burner because that wouldn't be there without the 3rd Reich. They also created affordable cars for anyone, jet engines, USEFUL rockets, Freeways(Autobahn), IR night vision, modern sewage treatment, & many others.

About 300,000 patents and copyrights were "appropriated" by the Allies at the end of the War. Almost half the technology we have was pioneered by the Nazis. They deserve our thanks.

- [@Mudarmy](#) You sound just like Holocaust deniers that claim the Holocaust never happened and the Nazi regime was just wonderful. Ignorance and lies is all they cling to. I'd say Holocaust survivors that endured living in hiding to escape the Nazis, the death marches that occurred toward the end of war, the death camps, GENOCIDE. gas chambers, human experimentation that occurred at Auschwitz under Nazi bastard Joseph Mengele would DISAGREE WITH YOU! Yes, the Nazi regime was inhuman and evil.
- [@vaughan1978](#) Depends how you define the Holocaust: 6 million, systematic state ordered extermination, gas chambers as murder weapon. If that's your definition, then the Holocaust, according to Robert Faurisson and other Revisionist, is a big LIE. It is not up to Revisionists to prove those three things - but those who believe in the Holocaust-Shoah need to prove such facts existed. To date this has not been done. [FredrickToben](#) 3 days ago
- [@FredrickToben](#) Obviously, you let your ignorance distract you from historical truth. Yes, the Holocaust HAS been proven. For example, blueprints of Auschwitz were discovered that proves the Nazi intended to use Auschwitz as a death camp where gas chambers were built especially for gassing Jews and other victims. There are archives and documents from the Nazi era that was covered up by the German gov't to hide the truth of the Holocaust. There is plenty of proof.
- [@vaughan1978](#) Blueprints prove nothing - Nazis intended to use Auschwitz? If you believe in the Holocaust-Shoah you need to prove: 1. Six million Jews existed in Europe
2. Germany had an extermination policy - a bureaucracy actively executed this task. You need a Hitler Order that started the process, etc. 3. The murder weapon - the homicidal gas chambers - if you can show the world this gas chamber then you will become famous. To date it has not been done. Good luck in proving your belief. [FredrickToben](#) 2 days ago
- [@FredrickToben](#) This just isn't my belief. The Holocaust did happen! The truth of Holocaust has accurate evidence and historical proof exist. For example, I pointed out the Auschwitz blueprints. Then you falsely claim the blueprints don't prove anything, which is WRONG. Yes, the blueprints are proof Nazis intended & planned to built the Auschwitz death camp with gas chambers, they did so successfully, as one of their numerous murder methods. Rudolf Hess even claimed 1 million gassed @ Auschwitz
- [@FredrickToben](#) The extermination policy was the Final Solution under the direction of Himmler who gave the task to Reinhard Heydrich. The plan to exterminate the Jews from Europe & everywhere under Nazi regime. The Final Solution was premeditated, organized genocide. The mass murder of millions of people. Jews were segregated from society, put into ghettos, then shipped off to death camps such as Treblinka, Auschwitz and others. The Nazis proved to the world the inhumanity and evilness of humans.

- [@FredrickToben](#) Historical truth is necessary and the proof is there. The Holocaust genocide DID happen. Holocaust revisionists don't exist. They are genocide deniers and embrace ignorance. Just like David Irving. Irving was an English historian that never used primary sources correctly. All his published books were fabricated, as proven in court by Deborah Lipstadt & her defense team. Irving lost all credibility, rightly so because he denied the reality of the Holocaust and ignored crucial proof.
- [@vaughan1978](#) You talk too much. Prove the above three points, and good luck. [FredrickToben](#) 2 days ago
- [@FredrickToben](#) Talk too much?! I point out facts to you - gave you historical truth about the Final Solution - the Nazi plans of high ranking Nazi officials by Hitler's order, Himmler's guidance, Heydrich's task which Adolf Eichman carried out. Plus I provided a true example of the Auschwitz blueprints and you dismiss all these facts without even embracing the truth. You sound just like David Irving, and that buffoon lost his credibility, reputation and his false accusations were exposed to the world.
- [@vaughan1978](#) You have jumped on a bandwagon of received information without doing basic independent research. Irving recanted and he is not a Holocaust-Shoah historian. How would children know of events that you don't know but just believe what you have read. You are massively defaming the German people by believing in the Holocaust-Shoah! Germany still has no peace treaty & remains occupied, the truth is hidden, and only the orthodox version, like the 911 & WMDs lies, are legally sanctioned [FredrickToben](#) 2 days ago
- [@FredrickToben](#) You're overlooking facts about Irving. He recanted AFTER he lost the case to Lipstadt! Irving was publicly disgraced & exposed for his lies, ignorance and lies that he claimed "holocaust never happened" crap that you're going on about. Actually, Irving WAS JAILED in Austria for his Holocaust denial claims. Dr. Lipstadt called for his release - the very person he tried to sue but Dr. Lipstadt won!! Proof, facts and evidence & truth always win the end. Careful - you'll end up like him.
- [@vaughan1978](#) No, he recanted while in the Austrian prison on advice from his lawyer so that he would be spared further jail-time. What you write here indicates to me you're becoming emotional and feeling the pressure because it is you who has to prove: 1. Six million dead Jews, 2. The written Order for systematic extermination, 3. Existence of the homicidal gas chamber as murder weapon. All your writings to date is heresy and gossip. Now get busy, do physical research on those three points [FredrickToben](#) 2 days ago
- [@FredrickToben](#) Nazi kids would know cause they were born into it! They preserved their parents evil, inhumane legacy and role in the Holocaust! Himmler's daughter that lives in Germany was proud of her father's role in the Holocaust. Her fondest memory was visiting Dachau with her father. Ask her! I'm sure she'd love to share it! Wolf Hess, son of Rudolf Hess, loved his father's superior rank in Nazi regime. Wolf Hess acknowledged the Holocaust. These Nazi children were products of their parents.
- [@vaughan1978](#) National Socialism is NOT evil - but the only crime they committed was develop national autarky principles, e.g. disconnecting from international finance - as still are Iran and North Korea and as was Iraq. The Holocaust further distracts from how Palestinians are exterminated by the Jewish state of Israel. I met Himmler's daughter - Germany has been subjected to ruthless re-education programs to give them the guilt complex without having the freedom to physically examine facts [FredrickToben](#) 2 days ago
- [@FredrickToben](#) National Socialism IS EVIL. Basic rights and freedoms are taken from those considered inferior. Innocent people that are suffer greatly under National Socialism! The Holocaust IS NOT a distraction to anyone. anything. The Holocaust is proof that organized genocide is capable under evil, tyrannical regime and that crimes against humanity are detrimental to all people of background, religion or ethnicity. Germany is a free country and taught the truth in schools. .
- [@FredrickToben](#) Even if this so-called education you claim were real, it didn't work on Himmler's daughter. She is loyal to her father & proud of his role in the Holocaust! She does whatever she can so the world knows her father Himmler played a significant role in the Holocaust. Go talk to her! As for Lipstadt, the truth did prevail because truth and proof won over Irving's false accusations and

claims. You're diminishing the case because Irving, your fellow Holocaust denier lost!!

- [@FredrickToben](#) I AM NOT defaming the German people. Nazi regime tainted Germany-a wonderful country.Herman Goering claimed in 1945 that 50 years later every Germany home would remember the Nazi regime. Ask any German citizen, they'll share the humiliation and carnage Nazi regime left on Germany history! I believe in the Holocaust because it happened. This isn't just "my belief" or "fabrication." The genocide of millions of innocent people is historical truth and reality. Talk to Dr. Lipstadt!
- [@vaughan1978](#) Oh, oh, I did, in 1994 I talk with Prof Lipstadt and we agreed that truth will prevail.
You are defaming Germans by propagating a lie - that they cannot defend themselves against because laws have been enacted to prevent any physical proof from being offered - and remember, it is up to the believer to prove it happened.
All Revisionists get is abuse from those who defend a massive historical lie - and I compliment you on not falling victim to such poor behaviour, not yet.
[FredrickToben](#) 2 days ago
- [@FredrickToben](#) Dr. Lipstadt has already prevailed. Irving sued her FIRST, Lipstadt & her defense team exposed his lies & fabrication of Holocaust denial-just like your doing. It was up to Lipstadt to prove it & SHE DID! Revisionists don't exist,They are Ignorant buffoons that diminish evidence & proof. JUST LIKE IRVING! Now if you'd like to sue me like Irving did to Lipstadt, please do! I'd be happy to expose your lies and ignorance-the same way Irving was exposed, publicly disgraced.
- [@vaughan1978](#) I don't sue, I'm not a Jew!
Lipstadt did not prove the three pillars on which the Holocaust-Shoah rests: 1. Six million Jews exterminated; 2. State ordered systematic extermination; extermination homicidal gas chambers. Our conversation seems to be going round and round without you focusing on these three points, which Revisionists say the Holocaust-Shoah believers need to prove in order to sustain their belief that the Holocaust-Shoah is a physical, historical fact. Cheers. [FredrickToben](#) 2 days ago
- [@FredrickToben](#) "I don't sue, I'm not a Jew!" Well your intolerance & racism are obvious.So you don't want to sue like Irving sued Lipstadt? You must be scared of public disgrace, humiliation & exposed ignorance in front of the world that Irving faced because of he lost the lawsuit he started. For the record, Irving is the one who sued Lipstadt first and she beat him-his own lawsuit he started! I can understand why you'd be fearful.You don't want public disgrace or global humiliation like Irving!
- [@vaughan1978](#) Not racist because the Jews are not a race but certainly intolerant of those who scam for material gain. Amazing how money seems to comfort those who play the victim card whenever they can. Also remember foolish Irving matched himself against Lipstadt's multimillion \$ legal team! You appear to be a young person because you still worry what others think of you. To that I say: grow up and leave your school days behind! The search for truth must be fearless - without fear or favour! [FredrickToben](#) 1 day ago
- [@FredrickToben](#) You're only right that search for truth must be fearless & that Irving was foolish. Irving was also ignorant of the truth, just like you are. Irving was a Holocaust denier just like you. He misinterpreted primary resources & falsified evidence. His lies & ignorance were exposed to the world. Publicly disgraced & humiliated. Lies & ignorance get you nowhere in life. Learn from Irving's mistake & stop with the lies & ignorance.I'm just fighting ignorance & bigotry that you embrace.
- [@vaughan1978](#)
How can I deny that which never happened? You are a Holocaust believer and so it is your job to prove your belief, if you are interested in moving away from abusing those who uncritically refuse to believe in your belief. Your level of tolerance is low towards those who uncritically/blindly refuse to believe your stuff. I repeat myself - you need to prove: 1. Six million exterminated; 2. Systematic state-ordered extermination; 3. Murder weapon - mainly homicidal gas chambers [FredrickToben](#) 18 hours ago
- [@FredrickToben](#) Your Holocaust denial is all in vain. This isn't just "my belief." The Holocaust has been proven & I've pointed out facts to you numerous times. You're so pathetic & blind to the truth. You're pathetic just like Irving. He lost, so will you. He is a loser, just

like you!. Lipstadt prevailed, as i already have & will! You'll end up just like Irving....pathetic & alone, shamed.....

- [@vaughan1978](#)
Let me add, you are using the Talmudic-Marxist master-slave death dialectic by postulating win-lose; I use the Hegelian life-giving dialectic by win-win. This means looking for truth is a co-operative method, while yours is one of gloating and scapegoating and selfishness - and loveless quest for dominance, the essence of slave-thinking. I celebrate the individual who works co-operatively to explore the universe, seeking truth, beauty, justice, honour. [FredrickToben](#) 2 hours ago
- [@FredrickToben](#) Material gain? A majority of holocaust survivors that live in Israel live in poverty. So there is no material gain. PLUS Nazis looted homes, treasures, valuables, confiscated property-a lot of which were never returned to Holocaust survivors that managed to survive the horrific genocide committed by Nazi Germany! Communities were obliterated, synagogues and homes destroyed. Many that survived DID NOT seek any monetary or material gain even though they are entitled!
- [@FredrickToben](#) You embrace your ignorance & lies-distort historical truth & dismiss proof when its pointed out. Your false claim of Holocaust denial will lead you down the wrong path.It's sad & pathetic.The Holocaust happened. The proof is there.I've pointed out some facts to you already in previous posts that you dismiss cause you're blind.. You don't have truth on your side.Neither did Irving! Look at what happened to him! Do you want to end up like Irving?Go ahead if you want to....
- [@vaughan1978](#),
I wouldn't get too excited about old man toben - he's so more than a hate-filled, spiteful old fraud. An irrelevant yesterday's man. Holocaust denial is no more than some kind of twisted, mental affliction, akin to people who still think the earth is flat.
- [@spadger131](#) Thanks. I'm just trying to educate them & help them mature from their ignorance, but stupid is as stupid does.....you'd think they'd learn from David Irving's public disgrace and humiliation after he lost his own lawsuit he started, but ignorance is better to embrace for the weak-minded.....
- [@vaughan1978](#)
Remain focused on the problem of physical proof - Irving, et al, become irrelevant to this discussion. Focus on the three proofs of the Holocaust. Good luck. [FredrickToben](#) 18 hours ago
- [@FredrickToben](#) Physical proof are the death camps still standing, such as Auschwitz in Poland. Along with authenticated documentation from the Nazi era. Irving became irrelevant after his ignorance and lies were exposed at his own lawsuit trial he started that Irving lost-just as you will. Why don't you sue me the way Irving sued Lipstadt? You will lose like Irving did & I can prevail just as Lipstadt did. Then I can expose you for the fraud, liar & bigot you are! Just like Irving! Disgraced....
- [@FredrickToben](#) State ordered systematic extermination was proven. Final SOLUTION ordered by Hitler, given to Himmler, tasked to Heydrich, carried out by Adolf Eichmann. Documents are held in research facilities in Germany-heavily protected so they won't get ruined or damage. Only specialist are allowed access. Documents were authenticated by specialists-by Eichmann himself during his trial in Israel. Plus the homicidal gas chambers were on Auschwitz blueprints discovered Berlin.
- [@vaughan1978](#) 1. Show me the written Hitler Order? - read Raul Hilberg's The Destruction of European Jews. Remember no bureaucracy acts without a written order.
2. Show me or draw me the actual homicidal gassing facility? Research this matter as I have done - Krema I, II, III IV at Auschwitz - which is still a gas chamber? 3. You will need to do much more research - you are just parroting the usual Holocaust-Shoah believers' beliefs. 4. Get to work and do some research of your own - it matures [FredrickToben](#) 1 day ago
- [@FredrickToben](#) Also, death camps are still around. The ones still standing such as Auschwitz that Nazis weren't able to destroy as the Allies moved in & liberated the death camps. Your Holocaust denial crap is as worthless as the inhumanity message you spread by denying the extermination of millions of people. Shame on you. The Holocaust-6 millions jews-along with 5 other million victims. Including Germans that stood up against the Nazis & risked their lived like von Treskow & Stauffenburg.
- [@vaughan1978](#)

1. Death camps and extermination camps are different, according to Holocaust believers' version of events. 2. You're still not quite getting down to the Holocaust-Shoah bully-boys' level of abuse who usually think below their belt when hurling their abuse at those with whom they dispute things. 3. This reveals their deep authoritarian mindset that develops when you sharpen it on Talmudic dialectics. 4. Now get to work and produce some original stuff, not derivative matters. [FredrickToben](#) 1 day ago

- [@ol'freddie](#), You say: "I don't sue, I'm not a Jew!" Oh dear, much as you enjoy speaking in that dreadfully, contrived and patronizing tone, and sporting dark, sombre attire, this does not bode well for your self-appointed, so-called, role as a serious, objective and impartial "scholar." No. It makes you sound like a teenage girl hurling puerile, racial slurs. Keep up the good work, old boy.
- [@vaughan1978](#) pointed out proof of gas chambers at Auschwitz. The gas chambers written on the Auschwitz blueprints that were discovered in a Berlin apartment! Blueprints dated before Auschwitz was used by nazis as death camp. Irving was released because Lipstadt said he should be freed-the very person he sued & exposed him for his ignorance & historical untruth. Irving is disgraced & has no credibility. Your blind ignorance refuses to see the facts, proof. Careful, You'll end up just like Irving!
- [@vaughan1978](#) You continue to believe in fairy stories if you believe the Blueprints were found in a Berlin apartment. They were actually found in a dumpster outside the apartment! I don't understand what you mean by my ending up like Irving. He recanted - I'll never recant and - I've spent time in prison and don't shy away from going in again for my refusing to believe in the Holocaust-Shoah lies. How can you deny what is the truth of a matter? Opportunism? Fear of imprisonment or death? [FredrickToben](#) 2 days ago
- [@FredrickToben](#) You just can't see the truth. It's so sad that people like you spread ignorance and stupidity. Lies, ignorance and stupidity will lead you to nowhere in life-just like it did to David Irving. Even Albert Speer, Hitler's architect, acknowledged the Holocaust happened after his release from Spandau prison. Plus Adolf Eichmann's oldest son claimed his father never earned his rightful place in history for his "good job he did for Hitler" for his role in the Holocaust. They would know!
- [@vaughan1978](#) Glad to hear you still think you'll get somewhere in life with the Holocaust-Shoah baggage in tow. During the 1970s I spoke with Albert Speer about this matter and he rejected the physical evidence but, like you, accepted the official version of events and the 'guilt' attached to that. But as you know it is a criminal matter in a number of European countries to doubt any of the three pillars that make up the official version of the Holocaust - telling the truth gets you locked up! [FredrickToben](#) 2 days ago
- [@FredrickToben](#) Not just me, but others before me have proven the truth and reality of the Holocaust. People like YOU, such as David Irving, embrace ignorance and lies. David Irving is a perfect example-David Irving was jailed in Austria for spreading lies of Holocaust denial. Lipstadt called for his release-the very person he tried to sue, but exposed him for his historical lies said HE SHOULDN'T be jailed....when he started it and sued her-Lipstadt & her defense team won with proof and facts!
- [@vaughan1978](#) Court case proves nothing. Irving offered to stop action if they visited Auschwitz and showed the fictitious gas induction holes I repeat: 1. Prove the six million number, 2. prove there was a Hitler Order that started the state-ordered systematic extermination process, 3. show me or draw me the murder weapon, the homicidal gas chamber. I don't have the time to engage in further dialogue with you unless you deliver the goods - for me the Holocaust-Shoah remains a memory fiction. [FredrickToben](#) 2 days ago

Best you can do against the anti-aryan radiation..Get the feeling you had before 1994..but 10x This is going to be bigger than the gassings..They make the men addict to porn and make the blondes their property ..women cant disguise good and evil..they subject to power
- Hitler wasn't too tall was he?
- [@jmmccain2](#) no he wasn't, plus he was knock-kneed and had a very wide, if sharp, nose. not quite the picture of Aryanism that his regime idealized.
Most are in color, that is rare!
This just show's that they were human.. Just.. Different.. Had Hitler not gone to war, I think this would've been Germany for at-least fifty years, happy, unity, all that..
This is good.

- [@jonnyswab12](#)..My rant or whatever you call it is seeing the Third Reich for what it really is-a dictatorship that oppressed millions and committed genocide on millions of innocent people. Not all Germans were Nazis such as Sophie Scholl and all members of the White Rose group. Solders such as Von Stauffenberg risked their lives, livelihood and family to stand up against the Third Reich, Germans that weren't part of the Third Reich. NOTHING good came from the Third Reich. Just carnage & genocide!
- [@vaughan1978](#)
No, not all Germans were Nazis, just the good ones.
- [@jonnyswab12](#)@.I pointed out von Stauffenburg as an example.One of many that stood up against the evil tyrannical Nazi regime! Thank God for Germans like von Stauffenburg & others that were brave enough to stand up against Hitler.They were executed or sent to death camps! Yes there are others as you listed, but if EVEN more of the German people had been like Von Stauffenburg & Sophie Scholl of the White Rose & stood up against Hitler & his Nazi regime, there never would've been a Holocaust.
- [@Elekktrode](#)...6 million were Jews! In addition to the 6 millions Jews were the other 5 million that perished by the Third Reich were homosexuals, gypsies, handicapped, disabled and other people the Nazis labeled as inferior. Research this yourself and you'll discover the truth!
- NOM NOM GRAPES
- My only point was that any rare footage about the Third Reich must include footage from ALL life of the Third Reich so the atrocities from the death camps, ghettos where many endured harsh life, death methods such as firing squads, pits that were dug by the victims then shot dead as their bodies were put layer by layer, innocent people taken from their homes and rounded up, the cattlecars to the death camps, the resistance movement of those that fought the Third Reich should all be included...
- [@vaughan1978](#) The video says rare "moment" not rare footage. These are moments of the Reich that no one ever pays attention to. So it's a nice video showing that not all German troops were heartless and evil demons. They were people like anyone else during the war. Only because of the Holocaust and because they were the Allies enemy, do we say they were evil people.
- [@jonnyswab12](#)."do my research before I talk shit." I actually did my research I suggest you do the same.I never talk shit. The Nazis did not commit genocide all by themselves! Who do you think helped with deporting the Jews from German town and villages in Germany and other occupied Nazi countries?! The Nazi had many collaborators! Those that went up against them were executed...such as Claus von Stauffenberg! There is nothing good about the Third Reich....especially to those that perished!
- [@vaughan1978](#) Von Stauffenberg was one of dozens that attempted to wipe Hitler out..im suprised that you havent listed any in your rant considering you claim to have done your research. Henning Von Tresckow, Major General in the German Wehrmacht attempted assassination in march 1943. Rupprecht Gerngrob, april 1945 controlled the radio transmitters in Freimann and Erding & broadcasted messages in multiple languages ordering the people to rise up against the regime and resist the SS. Want more?
- [@vaughan1978](#)
Ironically it was many of those people perishing which constitute the greatest part of the third Reich.
- [@jonnyswab12](#).You sure do like to make excuses for good people of the Third Reich. While they were enjoying life as depicted in this hypocritical film, 6 million Jews were enduring life in the ghettos, gassed, murdered, deported to death camps, endured human experimentation, the death marches that occurred, among other death methods that murdered millions, along with 5 other million such as gypsies, homosexuals, disabled and other victims were murdered as well. That is the truth.
- [@vaughan1978](#) Who said the six million deaths were all Jews?? I have read numerous books on the Third Reich and have never heard of an additional five million killed. Show your source

We saw terrible things: cremated adults shrunk to the size of small children, pieces of arms and legs, dead people, whole families burnt to death, burning people ran to and fro, burnt coaches filled with civilian refugees, dead rescuers and soldiers, many were calling and looking for their children and families, and fire everywhere, everywhere fire, and all the time the hot wind of the firestorm threw people back into the burning houses they were trying to escape from. It became more and more difficult to breathe. It was dark and all of us tried to leave this cellar with inconceivable panic. Dead and dying people were trampled upon, luggage was left or snatched up out of our hands by rescuers. The basket with our twins covered with wet cloths was snatched up out of my mothers hands and we were pushed upstairs by the people behind us. We saw the burning street, the falling ruins and the terrible firestorm.

Such heart rendering, sweet tales of yesteryear sorrow - this is what happens when you allow a syphilitic, Austrian madman to run your country. And you say that with your hand you: "grasped the coat of my mother." Well, wanker, fraulein wanker is no longer alive, and I sense that you're still reaching for her coat tails. Sorry, washed up old man. Maybe in death you can join her and both masturbate to "onkel adi SHITler."

- [@wanker](#),
Your last three posts read like Mills & Boon fake neo-nazism at its worst!!!! Come clean, you old turd muncher - where did you copy and paste this propoganda laced drive! It's definitely not from your pen/mind. There isn't a single grammatical error. Apallingly written, yes, but grammatically correct. "my older sister carried the big basket in which the twins were lain." Give me a fucking break, wanker!!!! It's worse than Danielle Steel!

Some minutes later we heard a horrible noise — the bombers. There were nonstop explosions. Our cellar was filled with fire and smoke and was damaged, the lights went out and wounded people shouted dreadfully. In great fear we struggled to leave this cellar. My mother and my older sister carried the big basket in which the twins were lain. With one hand I grasped my younger sister and with the other I grasped the coat of my mother. Account of 9-year old girl: About 9:30 PM the alarm was given. We children knew that sound and got up and dressed quickly, to hurry downstairs into our cellar which we used as an air raid shelter. My older sister and I carried my baby twin sisters, my mother carried a little suitcase and the bottles with milk for our babies. On the radio we heard with great horror the news: "Attention, a great air raid will come over our town!" This news I will never forget. [Zwangsman1](#) 2 months ago
- throughout history the nation with the people who had the highest intelligence quotient normally prevailed in every war except when severely outnumbered such as what happened to the Germans in WW2. The passage of time has shown that the WW2-era Germans were the most potent force in history because of the death blows that were delivered to both the British empire and the Soviet empire.
- 13 Feb 45 The first wave of bombers dropped their load in a random pattern, forcing the residents to flee to a large open park in center of the city. The second wave of bombers targeted the public park in the center of the city. Knowing there would be many thousands of people in the park, seeking refuge from the firestorms. The day after the bomber raid flights of P-51 fighter planes descended on the city. Machine gunning ambulances, fire trucks, groups of survivors, and rescue vehicles.
- [@wankersman1](#),
You say: "The first wave of bombers dropped their load in a random pattern...." The only party in 2011 who: "dropped their load in a random pattern" is you, sad old man. Not to worry - the nurse doing her night rounds will change your leather panties soon, wanker.....
And then you can put your false teeth in a glass, snore and fart all night, dream of "onkel adi", and the youth you never had. You're an old "never been", wanker.

- Interesting, but completely inaccurate. If it's rare footage about the Third Reich, so much was left out! The concentration death camps such as Auschwitz, Dachau, Sobibor, Treblinka and many others were omitted along with the mass murder killings, the ghettos, oppression and mass murder of Jews, Russian POW's, gypsies, invasion of European countries such as Denmark, Poland, France, Belgium. the list goes on....Joseph Goebbels, Hitler's propaganda minister, did film such horrific events.....
- [@vaughan1978](#),
Excellent post.
This "disneyfied" nazi video conveniently omits the searing images of the million plus children tortured, starved experimented upon, and slaughtered in a clinical and efficient manner by SHITler and the nazis due to their ethnicity.

- [@vaughan1978](#) Read the title..Rare Footage of the Third Reich..Google Third Reich and see what comes up.....This is footage of life in the Third Reich; from a soldier perspective, from civilian aspect and high command...How many videos do you see out there of the Third Reich that have this type of footage..Some clips are in other videos, but mainly, the videos portray what you have spoken about....as bad as the Nazi were, im happy to see history for what it was, and is...
- [@vaughan1978](#) Completely inaccurate is far from the truth, in fact, as a relative from a surviving German Jew during WW2....Many Germans did not know the extent of the atrocities being committed, because of the location of the death camps. The media was in complete control of the German Propaganda Ministry, which limited the input most Germans were exposed to. 95% of camps were outside of Germany. In foreign occupied countries.. Do your reaserch before you talk shit.

- From 3:12 min to 3:28 min, impressive.
- @Yaqidh,
But not as impressive as the huge and sophisticated array of death camps the nazis engineered during their reign of terror, murder and bloodshed. For some strange reason, they are conspicuously absent in this Disneyfied nazi propaganda video. Where is the footage of cowardly men experimenting upon, torturing and murdering children? Maybe you, as a 21st century anti-Semite, racist and pretend neo-nazi can explain this.....? I'd really appreciate it. Thanks, abdul!
- Behind the beautiful and glamorous faces of this clip lie the evil truth of Nazi demons.
EVIL!!!!
lol this vid makes the third rage look like a nice place
- At 6:10 min, that little girl is flexible with the height she lifted her right leg to.
- @Yaqidh,
SHITler's view (not "vue") on things peaceful????
You been smoking a hookah? I know you have strong hash in your part of the world, but have you been at the opium?
If you call the cold blooded slaughter of millions of innocents "peaceful", I dread to think what your definition of non peaceful is.
And commenting on the flexibility of little girls legs in propaganda laced nazi videos is really, really, really creepy.
Super doopah creepy..... Are you for real, Abdul?
- @slapperharris My religion does not allow me to smoke, besides that is hazardous to health. It would not mean if one is a peaceful person, that he has to accept to be mistreated, without defending his own self. That is what Hitler did. He was correct.
- @Yaqidh,
In that case, you must eating solid lumps of hash to be uttering the gibberish you are. How was SHITler mistreated to the point where he murdered millions in cold blood? Did little kids attack SHITler? Does your religion allow you to be a raving anti-Semite, or excuse the murder of children? Speaking of children, does your religion also allow you to make incredibly creepy references re the flexibility of small girls on nazi videos? You are a true weirdo, abdul.
- @slapperharris You seem to deviate in your reasoning. All the personal insults are unnecessary. Germany was embarrassed to sign an accord after the 1st WW, Hitler did the right thing cleaning up the table, and getting Germany back its integrity. Don't mislead in your posts, remain close to real facts, not fiction or fantasy facts. Boy you are too emotional. The Rotschids were active to sponsor wars, and they're still at it til today. The Rots eviled UK to not accept peace with Germany then.
- @Yaqidh,
Insults, abdul? Hardly. Merely pointing out the obvious. Any grown man (if this is what you are) that comments on the flexibility of a small girl on a propaganda laced nazi video should be on a pedophile watch dog list. And you have been asked to justify the slaughter of millions of innocents by SHITler and the reich. You can't and you won't. Why? Because you're just a nasty little anti-Semite, pretend neo-nazi who is now waffling about something completely unrelated.
- @slapperharris See the mental state you use to communicate. Children for me are, along with animals, lovely, there is nothing wrong, or criminal with loving these in a genuine way. I think you are missing love in your entourage. Kids are angels, they are innocent, and that is something I highly respect. Rather reply on the Rots, and their evil deeds, along with their allies. Get the facts accurate and straight, if you do not know them, or if you know them, stop pretending pls.
- @yukkid,
abdul, if, as you claim, you love children so much, then be a good boy, stop talking shit, and explain why you masturbate to one aDORK SHITler, a man that made a failed career based on the torture, starvation, experimentation and murder of children. And based on your prior comment: "At 6:10 min, that little girl is flexible with the height she lifted her right leg to." Do you park your car outside grade schools with puppy Labradors and candy in it? Creeeeepy.....!!!!
- @slapperharris I am through with you, it would be a waste of time and attention pursuing with you.
- @Yaqidh,
Then take your inability to answer questions put to you and rabid racism elsewhere.
Don't let the door hit you on the ass on the way out.

JoanBeatrington001 1 month ago
- @JoanBeatrington001, the vast majority of Germans are deeply ashamed of Nazi conduct and want to move on, and what part of history is not true? That Hitler and the Nazis murdered 1.5 million children? if you want to live in la la land be my guest! No-one cares about Nazis anymore, they're forgotten.
- @cqilty1 And that is where you just contradicted yourself! It is horrible what Hitler and the SS did, but there is a reason why we remember! I cannot believe how dumb you can be by not seeing this...WE REMEMBER SO WE WILL NEVER FORGET, IN ORDER THAT THIS WILL NEVER HAPPEN AGAIN! How dare you say Nazis are forgotten! Never forget what happened to prevent that any of this evert happens again
- @xStefan90Xx, calm down, calm down. What I meant was that the nazis are forgotten as far as their relevance and importance goes. Of course we should not forget the horrors and atrocities they inflicted on millions of innocents. Happy now?
- @cqilty1 ha Nazis arnt forgotten, I still remember them.and in some cases look up to them and ask my self what if questions? what if they had won? what would europe be like?
- @WorldFrontlineMedia, But the nazis didn't win, did they, so what's the point of crying over spilled milk? The nazis are only remembered by a handful of disenfranchised losers.
- @edttex, once more I will explain myself. No, we should not forgot the barbaric excesses of the nazis, but as an entity they are no longer relevant, just a handful of mindless, perverted thugs who got their asses kicked. And let's not split hairs as to which segment of them was "good" and which was "bad." Let's just be thankful they were obliterated and destroyed.

- **@edttex**. are you one of those closet, passive aggressive Nazi sympathizers? You sound angry enough.
- **@edttex**, I could care less what you think of my attitude, and could care even less whether you are a marine, a flower seller, or a performing monkey. You sound as if you have a chip on your shoulder, and have the grammar and spelling of a performing monkey. Of course it's unfortunate that untold young soldiers died (on both sides), but the real tragedy is the millions of innocents who were slaughtered by Hitler and his morons, 1.5 million of them children.
- **@edttex**. yes, I'd be doubled up laughing if I stood in front of you. Please spare me the online threats and keyboard hero bullshit, monkey. It just makes you look like an ignorant imbecile. Yes, you can say what you want on YT. It's an open and public forum, but they will not tolerate hate speech and threatening behavior. Your YT account can be suspended and in some cases, law enforcement will track and prosecute individuals via their IP address. Don't be a jackass, son.
- **@edttex**, dear boy, I called you a monkey based on your intellect, and have no idea as to your skin color and could care less, it appears that YOU associate the word monkey with an ethnic minority, no? You did not threaten me and I am not threatening to track you down via your IP. Merely for your information. I could care less of your opinion of me, and repsonding to you is very, very amusing, son. However, my opinion of you obviously matters, thin skinned monkey.
edttex 1 week ago
- **@edttex**, so my boy, let's recap, first you associate monkeys with black people (and deny it), then start babbling unsolicited about homosexuality, when no-one else even mentioned it. This is very, very revealing. And at one point did we have a "pleasant conversation?" It's merely me pointing out what a silly little wannabee Nazi fool you are, son. And the chip on your shoulder is getting bigger, especially the part where YOU say what a beautiful wife you have. No-one asked. Insecure?
- **@edttex**, dear boy, thanks for replying two comments to my every one. Who is obsessed and getting all hot under the collar....? And thanks for also "praying" for me. I didn't ask for it, private parts, and it means nothing to me. And it's spelled "straight" and "waste" (not "strait" and "waist") incidentally. Just a dumb jarhead aren't you boy. If you're not a racist, then why do you associate the word monkey with black people, and what's with all the nazi soldier vids you favorite, weirdo?
- **@cqquilty1** if im such a jarhead and getting hot under the collar. then why do i keep trying to drop this and you keep responding just leave me be. why are you obsessed?
- **@edttex**, shit yourself...?
- **@cqquilty1** nope, just done playing your game. So, please don't cry (or shit YOURSELF) when i don't respond to you anymore. you are obsessed and need to find a hobby other then creeping on people on the internet.
- **@edttex**, so ol' grandpappy was a goosestepper which is why you're a little closet Nazi sympathizer who removes comments that compromise you Something to hide jnr?. What a terrible little coward. Game, set and match. It really was very, very easy. You're not weird bcoz your shit eating grandpa was a Nazi. your wurd bcoz you remove a shit load of comments like a pussy thief in the night, and you cannot stop commenting despite saying you're above it. Youre such a twat son.....such a twat.
- **@cqquilty1** ok little girl ok if you say so. oh and "bcoz" is spelled BECAUSE. what a loser. i will keep commenting just to piss you off because your sooo easy to get a rise out of. and i am not bothered by what u say about my opa you don't know him. or me. you still didn't address have the shit i said because its true just please keep commenting.
- **@cqquilty1** i refuse to indulge your obsession and sick fantasy any further. im not your boy, son or anything else to you.
- **@edttex**, u r so creepy! MAKing references to homosexuality when no-one else is talking about it, comparing blacks to monkeys, getting all horny for Nazis (and denying it!), posting praise YT on other videos about your "opa" (grandpa being a nazi soldier), and making thinly veiled threats to me as to what you would do if I "was in front of you." And then you remove all these comments like the pussy you are!!Don't worry. I have saved them all and YT has a record of them also, monkey weirdo!!
- **@cqquilty1** See i read this and think wow, i have made this girl angry! you know nothing that your talking about and why are you creeping on what i say? and why are you making the threat that you have all my comments your creepy. for the record i removed my comments cus this who thing is stupid and not worth my time and you should stop commenting. and yes my opa fought for the 14th SS, he was not a nazi. I am proud of my heritage if that makes me weird then ok.
- **@edttex**, you removed your comments because you're a punk ass pussy whose dead murdering grandpa didn't wash the crap out of his leather panties before donating them to you....get out of here jnr. You make threats on YT, compare black people to monkeys and get all hot n bothered about gramps being a nazi. You're a marine, eh? Hmmm....what would your CO say if he saw these posts? No wonder you removed them. How about you tell us where you're posted and we'll forward the comments to your CO?
- **@cqquilty1** You do not have to be a Nazi sympathizer to realize that the average German soldier fought for Germany, not Hitler. Sure, there were plenty who were die-hard National Socialists, but the truth of the matter is that most the soldiers were only doing their duty. To call them Nazis, would be like to call all American soldiers Democrats just because that was the party in office at the time.

@paradoxass, You are grossly erroneous about SHITler not killing his own people. No different to that other murdering bastard, Stalin, SHITler, via the gestapo and death camps, rounded up and slaughtered many, many Germans. Nazi Germany was a police state run with an iron grip, terror and fear. Pick up a book, laddie.
- So peaceful. Let's eat some grapes today, kill some Jews tomorrow.

- slapper, You are funny gallows bird. First you call me bad names. Then you threaten me. If you could argue the facts, you would.

However facts not on your side are they, no? So you call me standard leftist names instead. I am not impressed.

You are exactly type of person I am here to warn Mother Europe about....

- [@wankerman](#),
I did not threaten you and could not even be bothered to do. I merely said that only death will bring you peace as you are a deeply unhappy, disillusioned, bitter old man who is about as relevant as SHITler is today. Since when is idiot a "leftist name", for this is what you are - a complete idiot who rambles and babbles utter tripe. You have not the ability to warn anyone about anything - you're simply a washed up old pretend neo-nazi, and an object of pity and scorn.
- Slapper, You are a strange gallows bird. It is you who is obsessive over Onkel Adi. I speak to future of Mother Europe, and how to repair damage caused to Mother Europe by policies of evil leftist dogs like you. In fact the period of leftist dominance in Mother Europe which began in 1945 has come to close in 2011. Das Volk-the people- are now once again coming to power and they will control their own destiny. Es lebe hoch Europa! Viva Europa!
- [@wankersman1](#),
Foolish, irrelevant old man babbling endlessly..... You get all wet for SHITler.....in 2011! He, like your dreams, hopes and aspirations are long, long dead. Weak, yesterday's man and a fake neo-nazi douchebag who has not the courage to "reply" to a comment. Death will bring you peace!
- Yes Slapper- you true leftist- only care about yourself..aber das passt wie die Faust aufs Auge. The key point here is the people- the living breathing people. WKII is long gone- darueber is laengst Gras gewachsen. Let it be. Focus on the future- the future of Mother Europe.
- [@wankerman1](#),
Oh shuddup with your copy and paste and bullshit, you tedious, aging, irrelevant wanker. It's not about left, right or centre, it's about you jacking off to SHITler (or 'onkle adi' as you so warmly refer to him), a dead, murderous lunatic. Fucking fake neo-nazi waste of space. You are no more than yesterday's man still sneakily "posting" rather than "replying" to comments.
A dinosaur in 2011 who won't face up to his myriad failures and defects. Easy to piss and moan, eh?
- [@slapperharris](#) - you and Wankerman1 still going at it? Have u two resolved any conflicts? Have u two resolved anything? Hmm, doesnt look like it. Well, I bet you are going to zing me for stating my opinion of yours and Wankersnam1 debate. Just wondering how long u two can go at it without accomplishing anything.
- wanker,
Still the same embittered bullshit from an irrelevant old man who wears dead nazi uniforms behind closed doors..... And what an earth makes you think I am remotely interested in your "dwelling?" You're losing the plot.
- Okay Slapper, I do this for you. If you play selection "eine Herde weisser Schafe" in my favorites, you can see my dwelling in background....
- slapper, I share your comments with workers and we all laugh. You are feisty one. But our meckering cannot hide great issues which face Mother Europe. Multikulti societies are failed societies and bankrupt societies. Will Mother Europe arise and purge itself or will go down path of failure and bankruptcy?
That is the great issue, the Total War which faces Mother Europe in 2011
- Look whether these "smart" "sane" people really believe the holocaust was a lie is irrelevant. It would appear the bigger issue for them is getting attention. Any schmuck can say what they want in these comments. The downside to youtube..
- I can't help but be really bothered when Hitler smiles and fawns over kids, especially those that will be sent to fight near the end of the war. He proved by word and deed that he was willing literally to throw them to the lions to be devoured by his "total" war. At the end before his suicide, he expected the people to die defending Germany, while anything worth anything should be destroyed so the

victors would not have the spoils, and Germans survivors would not be worthy or it. Great guy!

- Yes my Slapper Friend, 6,000,000 jewish people die in WKII. Yes but those are 9% of 65,000,000 people killed in total war. You not comment on Chinese deaths of Nanking, or Japanese at Nagasaki and Hiroshima, or Germans at Dresden and Hamburg, Soviets at Kiev or Leningrad, or Brits of Coventry or London. Why is this?
- [@wankersman1](#),
Like a nagging head cold, you return when least wanted with your endless copy and paste drivel, though you certainly have a rival imbecile with this dankrug idiot. You forgot to cite Pol Pot, Saddam and Ghadaffi to name but a few. This is a nazi propaganda video aimed at fools like you, I know it's hard for you, but STAY ON SUBJECT. And do two wrongs make a right? Muppet.
- [@slapperharris](#) I am happily to the point. I am sorry but it is you who rambles around. Mein Zweck, mein Ziel, my purpose is clear- do what is best for Mother Europe and for its peoples....
- [@wankersman1](#), allow me to parody your relentless copy and paste drivel: "Mother Europe, wake up from the invaders and leeches...multiculti = no culture, oh, onkel adi, I get so hot and bothered over your narrow shoulders and womanly hips that I make a big, sticky mess in my leather breeches, and I have 16 university degrees, and leftist and rightist bastards take my job away from me because I'm a lazy, worthless bastard!"
You're a clown, a bitter scratched record and ol' Spadger knows....
- Great vid Dante thank for uploading
It was the last chance of Europe... so sad.
The hollow cost is a fraud tthere is no proof of homicidal gas chambers on the contrary there is plenty of proof that is is a racist fraud ,were is the proof slapper you post some so it can be shot down because it is a HOAX , People like you are great for the truth to come out thanks friend
- [@damprug](#),
Posting the same nonsense again and again does not validate it. So far you have been unwilling and incapable to back up any of the bullshit you've been spewing, despite polite requests for proof.
Here are the rules of intelligent debate. When you make a claim, it's worth nothing without ACCREDITED sources. It's simply an opinion, drivel that any fool can write on the internet. Do you understand that? Don't take it personally. I expose idiots all the time. Idiot.
- [@damprug](#),
You have made a statement claiming that the Holocaust did not occur? Is this correct?
If so, please provide all the nice people in YouTube land REPUTABLE and ACCREDITED sources verifying this claim.
Just because you write shit on an online forum, it does not make that shit true. Until you verify it, YOU, boy, are the fraud. And a liar and an idiot. We're all waiting.....
- [@slapperharris](#) I prefer to let people do that themselves, unlike your self , they can go to my sight and find plenty, unlike your self im not trying to force a racist dogmatic lie down their throats with no evidence to back it up, but ridiculous professional "eye witness testimony" . ACCREDITED ,, please spare me, by who, but thankyou my good freind ,youre a perfect example of the ,"shut up its true ok" set, that resorts to insults the minute somebody asks "were is the proof" You r onlosingsid
- [@dampug](#),
Opinions are like assholes - everyone has one and they usually stink, and you, idiot, are a prime example. Still bullshitting with no ACCREDITED sources, and now you're kissing the ass of the video poster. You are small, ineffectual and weak, and your grasp of grammar and spelling may well be worse than your grasp of history. For the third time, kindly disprove that the Holocaust did not occur. People are laughing at you. Idiot.
- [@slapperharris](#) stop your cracking me up ,most people know it is a fraud nobody believes the hollow cost lies anymore, my grammer ! now that is weak, and the name calling is pathetic, sad but amusing
- [@dampslug](#),
You say: "my grammer." It's spelled "grammar" with an "a."

I bow to the magnificence of your idiocy. And who says lying, pretend, neo-nazis incapable of backing up their madness are as thick as pigshit...? You are comedy gold. Idiot. PS. Any danger you get me some proof for your ravings? Thanks. Idiot.

- There should be allowed no comments to such videos. There are too many stupid and brainwashed people with access to the internet.
- Nawwww, don't they look harmless.
- Yes as Slapper say in English "when good men remain silent". That is exactly why I speak to my brothers and sisters in Mother Europe of dangers of immigration. Someone from within political structure must speak truth. I will do that and I will continue to speak message and hope that others will stand up and speak truth:
multikulti=keine Kultur=no culture at all and death of Mother Europe! Wehrt euch alle!
- [@wankersman1](#),
Had you been alive during the height of nazi terror, would you have spoken out on the murder and torture of children? Of course not. A weak fool of a man like you would have been happy to have wielded the ax, and then the next day, your bulbous head would have been on the block. All you speak is gibberish you cannot verify, and your continual incorrect spelling of "immigrant" is almost amusing. You are simply an idiot. No more, no less.
- [4:57](#)
Emo Hitler lol.
- [0:48](#)
Dude, i thought that nazies killed gays!
- [0:50 NAKED. NAKEDNAKEDNAKED. XD](#)
- Hitler, kill alot of jews, but Stalin killed more Ukranianes than double the number of jews killed, it sucks that Hitler has to be seen as the worlds most cruelest person, if you knew a little more you'd learn Stalin was far more terrible. And i don't see how this is "rare moments", since when was German soldiers eating grapes saposed to be so rare? Infact all of this isn't rare, and please don't call a Wehrmacht soldier a Nazi, they're not, their German soldiers, not some NSDAP or Nazi party
- [@jimmyxx3](#),
Stalin and SHITler - both murdering sons of bitches.
- [@slapperharris](#)
I got to agree he was a madman when doing his job, but please that doesn't mean everybody in the Wehrmacht or even the SS was a murderous madman, my grandfather was in the Wehrmacht and his letters sent home seems like letters coming from any other ordinary soldier.
- [@jimmyxx3](#),
Therein lies the problem when so-called "good" men choose to remain silent. This counts for American soldiers in the Middle East also. Happens all the time.....
- [@slapperharris](#)
You keep talking about the Nazi's, not the soldiers, it's the soldiers in this film I'm talking about, Wehrmacht and Fallschirmjager, not the Nazi party and the NSDAP.
- [@jammyxxx](#),
If there's anything worse than a pretend, fake neo-nazi, it's a passive aggressive, closet pretend, fake neo-nazi..... And please stop pretending your grandpappy was a deceased nazi soldier. There's enough of you delusional wackos on YouTube. Or are you all one and the same?
- [@slapperharris](#)
If i was only pretending i wouldn't be taking any interest in WW2, many Germans were in the Wehrmacht, the Wehrmach is millions of people not a couple of what you so call "Nazi's" (which of course they aren't, your mom is).
- [@jimmyxx3](#),
Oh, I get it! Because you take an interest in WW2, this means you have murdering, nazi relatives? So if you took interest in Genghis Khan, would this mean you have Mongolian relatives also? You are simply a very, very confused boy living in a bizarre and twisted

fantasy world where there's no room for logic. Run along now, sonny.

- [@slapperharris](#)
A Wehrmach soldier isn't called a Nazi u dumbass, look who's calling me dumb, your pathetic. it isn't rare to find a person with a relative who was in the Wehrmacht, maby if u get ur head out of ur moms fucking ass then u'd be able to explore the real world, not that a little nut brain like you would learn anything for shit.
- [@jimmyxx3](#),
And now the angry little boy is losing his temper, using naughty swear words and mom insults. That, son, may well work for you in high school, but cuts no ice here. Go to bed and stop jacking off to nazi videos, junior.
- [@slapperharris](#)
Is this all you can come up with, calling me a kid? You're that dumb? Well I'm sorry for using swear words, but you need to learn to handle it, you pussy.
- [@jimmyxx3](#),
I called you a kid because that's exactly what you are. I was merely speaking the truth and not attempting to insult you. No adult would post the shit that you do. And there's no need to apologize for using swear words - you can swear all you want, as it only re-affirms your status as an angry child.
- [@slapperharris](#)
Yeah well ou don't make any sense because I'm not a kid, infact your knowledge is less then those of a 5 year old. You simply fail at learning ANYTHING really, that's why you can only change the topic to "children". Angry child? Does it seem that way because the truth is the opposite of what you believe? Or is it because your to pussy to really actually come up with something else.

- I love toberone chocolate . the Nazis did such wonderful things for it's people why not bring back the third Reich hitler wiped unemployment away in such a short time. Democracy is dead bring back a fascism
- It's nice to see how nice, clean, crime free and prosperous a country can be when it's just white people. If Hitler just kept Germany's borders safe from degenerates entering people would have lived happily ever after for generations. Every city you get blacks you have nothing but crime and poverty and trash filled streets.

- Okay, so 12 men detained today in UK again over plot to attack Manchester/UK. The 12 are all supposedly immigrants:
"This is a large scale, pre-planned and intelligence-led operation involving several forces," Yates said.

Good luck brothers and sisters in UK as immigrants let in your country seek to destroy you, your family, and your society. You now see fruits of evil policies of leftist governments and multinational corporations who seek to profit from your destruction.

- [@wankersman1](#), to attribute the rise of Islamic terrorism to the policies of leftist (or any!) govt. and multinational corporations is simplistic and idiotic. Its reasons are as myriad as they are complicated, and cannot be explained in the constraints of a YouTube post - especially by the likes of you. And what do the heinous crimes of SHITler and the reich have to do with it?! You are no more than a crude, ill-educated, rabble rousing, hate filled populist fool with an axe to grind.
- [@slapperharris](#), Le digo la verdad señor. Perhaps you read Ami Attorney General Eric Holder's comments today on terrorist who are "grown at home", no? You are difficult to reason with because you deny the obvious, such as "the sun rises in the east". I am very comfortable as former member of leftist government saying leftist governmental policies have contributed to instability in Mother Europe. Still I will use your posts as a foil to talk to key issues to Mother Europe.
- [@wankersman1](#), One minute you attribute the rise of Islamic terrorism to leftist govts., and then simply "instability."
You're an absolute idiot who has no clue what he's talking about. How can anyone "reason" with you - making absurd claims, telling enormous lies, all without a shred of credible evidence or anything to back it up. Sure, you're entitled to your opinion (unlike during SHITler's failed reign), but that's all it is - an opinion. No more no less. Been drinking again...?

[@slapperharris](#) You are standard leftist dog. If you cannot refute message, then you try different angle and seek to tear down/destroy the messenger. I am unimpressed and will continue to speak the truth. You are the one who speaks in terms of race and religion, not I. I speak in terms of nation and geography and of rebuilding the nations of Mother Europe, what models to follow and what mistakes to avoid.

- [@slapperharris](#) Aggressive Islam rises and falls like a wave throughout history. And you are correct, leftist governments do not impact the long-term rise and fall of that wave. However leftist governments by foolish and misguided immigration policies create conditions for serious violence to occur against innocent women and children in Mother Europe. As former member of leftist government I curse those immigration policies as they are pure poison to Mother Europe.
- [@wankersman1](#), Of course I'm correct. This has been obvious from day one.....
little girl, are you Jewish? does it matter? YES
Starting around the 1:00 minute mark where you see the soliders goofing around..it reminds me of Allo Allo..
This looks a little like the opening to a sitcom.
I really want a German SS uniform and a authentic iron cross.
- [@rice31254](#) I went as a zombie SS soldier for Halloween. It was hard as hell to put the costume together. I had to go to 5 different military antique stores then I had to order the hat overseas for \$125. Needless to say the money I put into this means I'm gonna have to wear this things for many more Halloweens.
- [@AcePilot2009](#) Such nice little immigrants, they would never hurt anyone.

Hitler coined the phrase "Big Lie" in the book 'Mein Kampf' to teach the primitive masses how the jews rule over them thru psychological operations. The gullible masses fail to comprehend inside their simplistic minds how the jews are able to implement widespread fraud which is how jewish absurdities such as the "Bible" and the "Holocaust" become accepted as genuine over time thru repetition. Perhaps less than 100,000 jewish deaths resulted from WW2.

Hitler always preserved as many lives as possible while Stalin always discarded as many lives as possible. Hitler commenced Operation Barbarossa unannounced otherwise the Soviets would have stacked the front lines with Christian peasants to be conveniently killed. Hitler liberated untold millions who had suffered enslavement under the British empire while the death blow that Hitler dealt the communist low-lives saved 450 million people from the Soviet bullet to the back of the head.
[TheSerpentSeedHasWon](#) 4 months ago
- [@likeamansseedupmybum](#), That stormfart copy and paste bullshit is a copy and paste from one of your other accounts you closed. Yeah, SHITler sure tried to "preserve as many lives as possible." Especially with his vast array of death camps hell bent on exterminating millions of innocents. You really are a spectacular idiot. Run along now, princess, and take your stormfart copy and paste lies, bullshit and low self-esteem with you.

[@dancrap](#), you say:
"Death Camp is an oxymoron,there was no such thing ,The great and good german people fought a war of defence."
Really? So I suppose that Mengele torturing, experimenting on and murdering children was all lies, and this was based on a: "war of defence?" And Auschwitz was simply a fable? Or was it no oxymoron, and you're just simply a hate-filled racist moron? Get out of here, lightweight.
[slapperharris](#) 4 months ago
- [@dankrug](#), Yes, Auschwitz was simply a fantasy created by evil Jews and the victorious allies. Hmmm..... And you say: "The great and good german people fought a war of defence." The best part about the:

"The great and good german people fought a war of defence" gibberish you utter was when THEY themselves were slaughtered by SHITler, and when Mengele tortured, experimented upon and murdered all those children. Get out of here, you damn idiot!

- @slapperharris surely you dont beleive that propaganda and you call me an idiot, But you like the idea of people being slautered, creep must be jewish
- @spamkrug,
Yes, you are an idiot, which is why I called you an idiot. Idiot. And it only took you two posts to say: "I must be Jewish." Wow! That was fast. For what it's worth, I am not Jewish, but all you little SHITler worshipping children invariably refer to anyone that upsets your little fantasy world as "Jewish." You all have the same scriptwriters? You deny that Mengele butchered children? And deny the death camps? Prove it. Idiot.
- *This comment has received too many negative votes* [show hide](#)
@slapperharris Yes, and the proof is everywhere, there was no death camps ,the hollow cost is a hoax,you show me some "evidence" because i have never seen anything that shows there was homicidal gas chambers The fact that the Americans done over 150000 autopsies and not one had been gassed is enough on its own, Or the redcross report, to say im a racist and then say the murder of German children was the best thing that happened to the great and good German people shows you to be a hippacrit [dankrug](#) 4 months ago
- @dankrug,
You have denied the existence of Nazi death camps and the fact that Mengele tortured, experimented upon and murdered children. Asked to prove it, you simply said: "Yes,and the proof is everywere", and some nonsense about "Americans" performing

"autopsies." Child, this is not proof - it is you rambling and expressing opinions based on your weakness and spite. Once again, please provide proof as to your statements. You can't, can you? Why? Because you're an idiot.

- @slapperharris
Hey retard, ever heard of David Cole?
- @wanfriedchicken,
Hey dratrer, David who? Seriously, boy, you'll have to better than that if you want to spar.....
- Sverige, We sorry that Schweden today feel bite of immigrant predator dogs. I not happy to be prophet but Multikulti = keine Kultur oder = Tod d. Schwedens= death of Sweden. Unlike 455, the Huns invaders in 2010 come this time one-by-one...but the danger to Mother Europe is very real. If not stopped, new Huns will destroy you, your family, and your land....
- This is a wonderful video. What is the song name?
- Nazi butts! Hott!!
- Historikerin Juliane Schutterle argue that inmigration will be defining conflict of 21st century. Yes, this is correct. Mother Europe will face life and death situation with immigration. Inmigrants' desire and purpose is try to destroy Mother Europe- nothing less. Do not be fooled by leftist obsequies. Wacht auf!
- Great quality video!
- I'm glad the uploader played happy music to footage of the Third Reich. It was a grand time. Eintausend Jahr Drei Reich!

Canada - Swastika, how a city got its name

A town in Ontario was named 'Swastika' after a lucky Gold strike in 1911.

17 August 2003

Swastika was originally a railway siding for the Temiskaming & Northern Ontario Railway in 1906-07. The town blossomed in 1911 with the discovery of gold in and around Swastika and in a far off place known as Kirkland Lake.

Unfortunately for Swastika the Kirkland Lake goldfields grew while the gold mines in Swastika stagnated and closed after only a few short years. Swastika remained a transportation centre serving the Kirkland Lake until a branch line was laid through Kirkland Lake to Rouyn-Noranda in the mid twenties.

Today it is a bedroom community within the Town of Kirkland Lake.
